Evergreen Equitation Classics

These classics will be a multiple phase event. In order to compete, a rider must enter all three phases which will consist of: a) Flat Phase b) Jumper Phase c) Hunter Phase and a written test. The written test can add up to 10 points to the final score based on correct answers. Each phase will be pinned as a separate class. Points for correct answer on the written test will contribute to the overall score. Score from the first ridden phase will determine the order of go in the second phase and the accumulated scores will determine the order of go in the third and final phase. The highest scores will return last.

Jumper Power & Speed Team Relay

Two riders will share one horse. At least one of the team members must be 17 and under. In the "Power" phase, the first rider will jump 8 jumps at Level 1 (.9m/3ft.) against an allowed time. Each second above the time allowed adds a second to the "Speed" phase time. After the Power phase is completed, the clock restarts for the Speed phase and the first rider proceeds to a designated area and dismounts. The second rider will then mount and finish an additional 8 jumps set at Level 3 (1.10m/3'6"). The fastest time in the Speed phase is the winner. If a rail come down in either phase, 4 seconds will be added to the Speed phase time. Dismounting and remounting must be done within the designated area or the team will be disqualified. Team members may assist each other but only within the designated area. Assistance outside the designated area or by someone other than your team member will result in disqualification. All teams must be declared by the close of the show on Thursday. Proceeds from this class will go into the WHJF Scholarship fund.
